

A little Halloween magic

THE PASTEL BOO STARTER PACK

One palette: peach, plum and cream. One friendly ghost. A few things made with care. This pack gives you a simple place to begin.

Inside: paper ghost and pumpkin outlines, blank favor tags, a party planner and a photo checklist.

Gather: printer paper for a test, cardstock suited to your tools, scissors, pencil, ruler, marker and a glue stick. Adults manage cutting tools and hanging decorations.

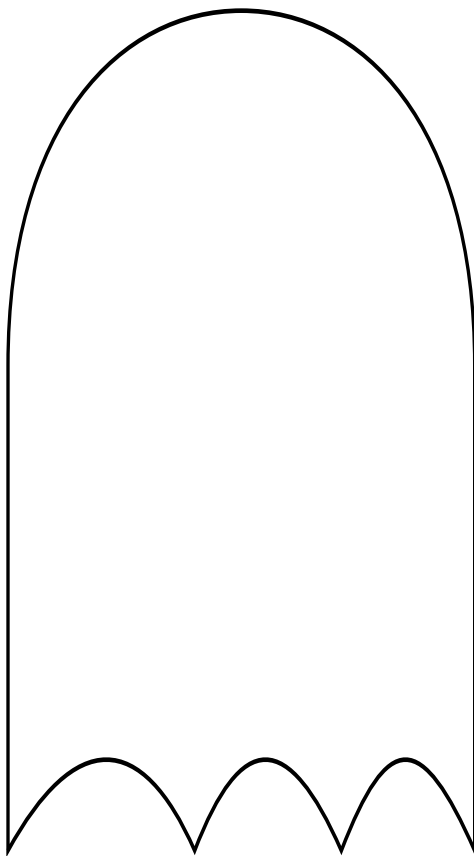

Print on US Letter at 100% / Actual size. Measure the check square on each shape page. On A4, preview the margins at Actual size. Fit-to-page changes the size.

Use the shapes for personal celebrations. Templates have not been physically maker-tested. Make a sample before cutting a batch. For an Etsy product, create your own original design.

A friendly little ghost

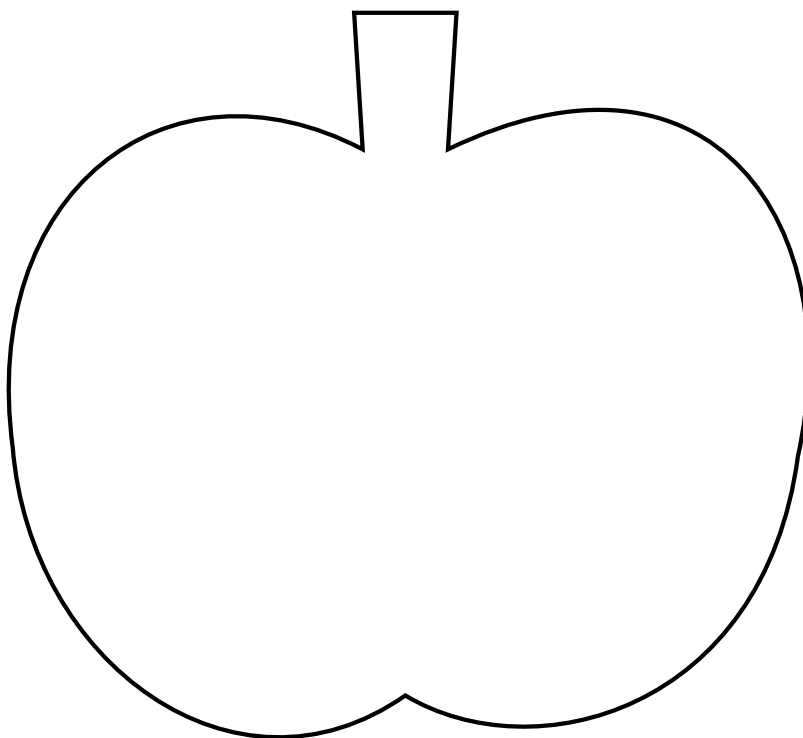

Cut around the outside. Add a face with a marker after cutting.

1 inch check square - print at 100% / Actual size

A paper pumpkin

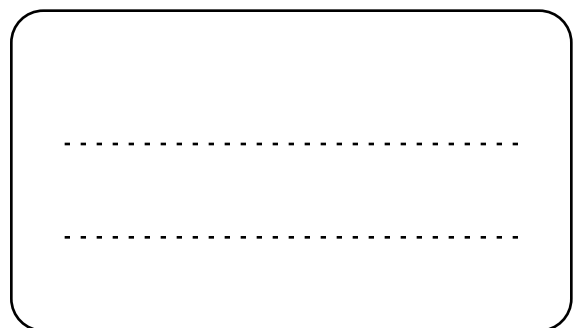

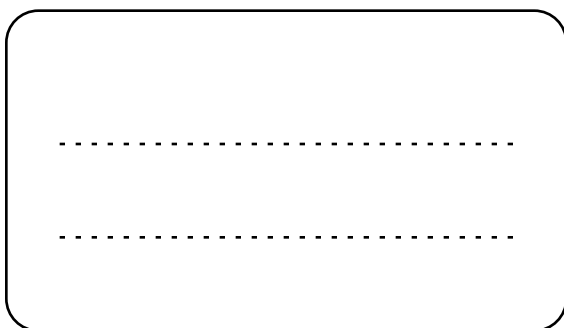

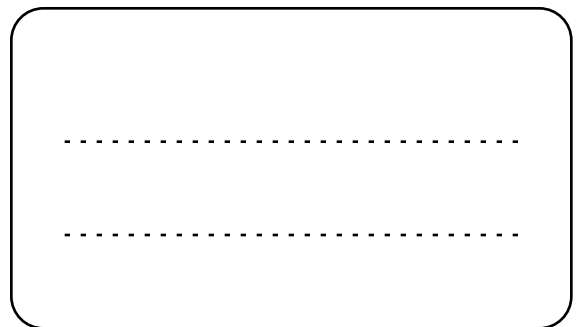

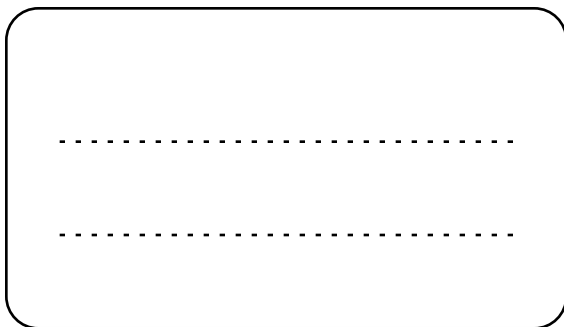

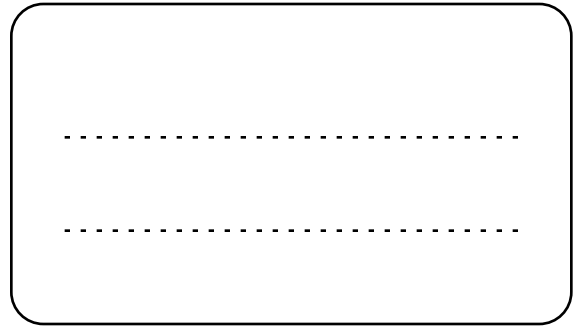

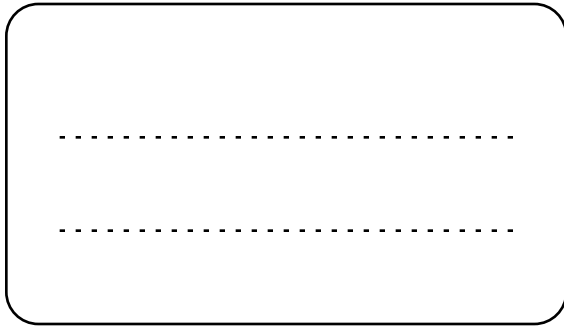

Cut around the outside. Draw curved lines inside, or leave it beautifully simple.

1 inch check square - print at 100% / Actual size

Little notes. Big personality.

Cut the tags, add a name or message, and tape to the outside of a favor bag.

Keep ink, paper and adhesive separate from unwrapped food.
