

Gather & Be Grateful

YOUR PRINTABLE CRAFT + GATHERING STARTER PACK

Start with one little thing

A simple leaf outline, foldable place cards, gratitude notes, recipe cards and a gathering planner.

Inside your six-page pack

Leaf outline with a one-inch scale check; Four foldable place cards; Six optional gratitude prompt cards; Two blank recipe keepsake cards; Gathering planner and five-picture checklist.

Print and check

Use US Letter at 100% / Actual size. Measure the one-inch square on page 2. For A4, preview margins at Actual size; fit-to-page changes the scale.

Gather your supplies

Try plain printer paper first, then cardstock suited to your printer and tools. Use scissors, a ruler and a marker. Adults manage cutting tools. Keep paper, ink and adhesive away from unwrapped food.

Make one before making many

These original starter templates have not been physically maker-tested. Make a sample and follow your equipment instructions. Cut solid outlines; fold only labeled fold lines.

Made for your personal celebrations

Print and cut for personal use. Please share our download page instead of selling or redistributing the files. For products to sell, create your own original designs.

Crease down the center by hand if desired. Use as a name leaf or attach to a paper napkin ring.

Something I learned this year...

A little thing I want to keep doing...

My own thought, doodle or thank-you...
